**In Order to Support Beautification in our community, The Load Fees Are On Us!**

Thursday June 6

Saturday June 8

What's the plan for 2024?

- Due to the typical amount of traffic we have on these days, Please Limit Vehicle size per trip to 1 ton  
No Semi/End Dump vehicles permitted either day
- Come on EITHER Of The Two Days Offered • Expect Lineups-traffic will be directed  
Please Obey Directions - Multiple Loads Will Be Accepted From Each Household Per Day
- Town Staff Will Be Directing Traffic

## Dutch Elm Disease

Dutch Elm Disease (DED) is caused by a fungus spread by elm bark beetles that breed under the bark of dead or dying elm wood

The Town will be marking and inspecting trees throughout the season

If wood contains DED fungus, each new generation of beetles can infect healthy elms

- You can help prevent DED by:
- Keep your own elm trees healthy;
  - **Do not prune Elm trees from April 1st to August 31st;**
  - If you see signs of DED, report them to the Public Works Department;
  - Don't buy, sell, store, transport or use elm firewood; it is illegal;
  - Remove and dispose of the tree promptly if DED is confirmed
