

For Meeting Date: January 12, 2023  
Prepared by: Owen Redlick

---

### **Current Projects:**

- Sound System for the rink is being looked at for possible updates. We had a stereo and audio company, BarnDog, come out and fix a few settings. As of now, the system is operational.
- Fixing and replacing LED strips, have the parts and material ordered just a matter of getting them. Any burnt out light in the rink is being dealt with and is acknowledged by staff.
- Install wall mounted rails in handicap stalls of curling washrooms.
- Plumbing issues, leaks, etc. Nothing serious or major. Plumber has been called to come out Monday 17th.

### **Upcoming Projects:**

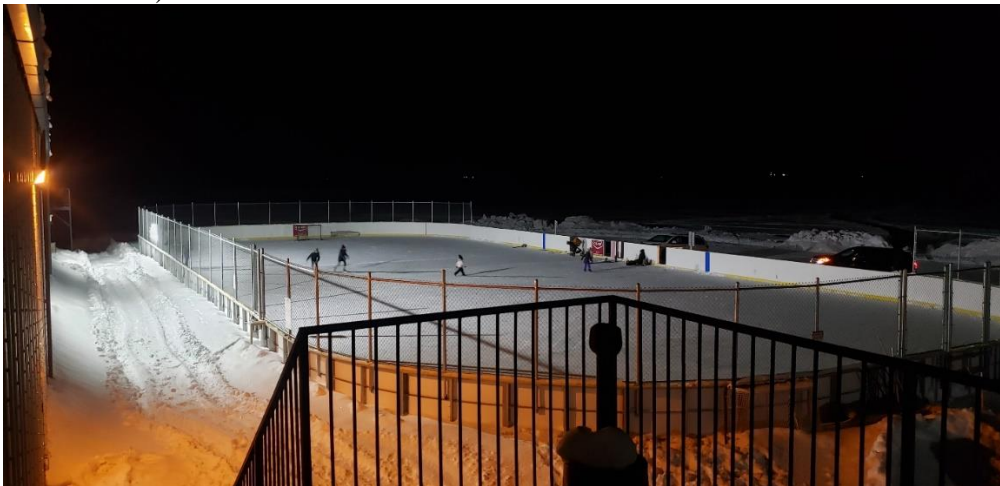

- Winter Festival Feb 20, family day. (Skating, Bowling, BBQ).
- We will be building a Crokicurl for this festival as well

- Hockey Playoffs
- High School Curling Playdowns

### **Projects Recently Completed:**

- Outdoor Rink was completed and has been getting tons of use (Needs weekly maintenance to maintain this)

- Hydraulic motor on the Olympia was replaced, to make things work we rented the Town of Biggar's Zamboni. Our machine is fixed and working well
- Created a new system for managing items that need repair. (Google Doc, that we all share, including Megan. To instantly report anything, but also keep a tab on what steps have been taken to repair or fix.)

### Successes and Challenges:

### Annual Benchmarks You Can Share:
